10% in jeopardy (659/6409)

38% qualified leniency (254/659)
(would have)

67% dropped (442) [6.9%, 3.3%]

Self Reported vs. Self Study

- Policy manual wording
- Self Reported – same as board approved but a board has not reviewed it and a CCA reports it themselves for CEUs
- Self Study – written articles with a quiz (Crops and Soils magazine)

- Suggestions:
 - CCA Reported CEUs (Himself/Herself ... 😊)
 - Self Paced Learning

Appeal Process

- *Appeals: 2014 – 68, 2015 – 98*
- *Policy Manual: Extenuating circumstances: e.g. loss of job, health condition, maternity leave, military service, changes of locale and position. The CCA needs to file the appeal (within the appropriate timeframe) in writing to the ICCA office, which will forward the written appeal to the local board. This consideration--extenuating circumstances only—could be repeated.*
- How's it working?
- Do we need a standardized form?

Example:
